I'm gonna let my freak flag fly
I've been a fool of lifetime but today I'll be the king
I'm gonna let my freak flag fly
Wave it high up in the air for everyone to see

I'm the best thing that you ever had
How could you let me go?
How could you let me walk away,
When the only one I ever really cared about is you
I don't care what the people say,

I'll let my freak flag fly
I've been a fool of lifetime but today I'll be the king
I'm gonna let my freak flag fly
Wave it high up in the air for everyone to see

No one takes me seriously because I'm such a fool,
And everybody knows it's true
But everything I've ever done I've done because of you,
Yeah this is what I have to do

I'll let my freak flag fly!

Where did it all go wrong
And why'd you keep pretending when you knew it all
along

Now the people that I used to know
All laugh behind my back,
They think that it's some kind of joke
And everybody stares at me like it's some crazy act,
But today I'm gonna let them know,

I'll let my freak flag fly!
I'll let my freak flag fly!
I'll let my freak flag fly!
I'll let my freak flag fly!
I'll let my freak flag fly!
