I was jumping and I hit my head real hard
I was smiling when I stumbled on the stone
Yeah I really wasn't looking straight ahead
I didn't see that every light was turning red

And now I'm thinking to myself
Don't know what I was doing there
And now I'm saying to myself
I'm glad I did get out of there
Glad I wasn't stuck with you

I was laughing when I feel off from that tree
I was dreaming but I woke up with a bang
Yeah I really wasn't looking straight ahead
I didn't see that every light was turning red

And now I'm thinking to myself
Don't know what I was doing there
And now I'm saying to myself
I'm glad I did get out of there
Glad I wasn't stuck with you

And now I'm thinking to myself
Don't know what I was doing there
And now I'm saying to myself
I'm glad I did stop right there
Glad I wasn't stuck with you
