"One Good Night"

I'm not gonna ruin it tonight,
I don't wanna spoil nobody's fun
I'll try to act like it's alright
And I'll try to look like nothings wrong

But one good night don't really change a thing
One good night don't really change a thing

I look you straight into your face
And tell you everything is fine
But in your heart you know it's true
This is the end of me and you

'Cause one good night don't really change a thing
One good night don't really change a thing
One good night don't really change a thing
One good night don't really change a thing

I'm not gonna ruin it tonight,
I don't wanna spoil nobodies fun
I'll try to act like it's alright
And I'll try to look like nothings wrong

But one good night don't really change a thing
One good night don't really change a thing
One good night don't really change a thing
One good night don't really change a thing
