The way she holds her head br
Tells me br
Tells me all that I ever really need to know P

And her eyes well up as she closes them br
And the steam clouds over my bedroom window P

I wanna reach out and pull you closer when I see those
eyes br
But I'll be leaving soon and I don't wanna tell you lies br
And you think hearing the truth from a man these days
is rare br
But honesty is easy br
Honesty is easy br
When you don't care br
You don't care P

Like the summer sun running the clouds away br
People come and people go br
And somethings telling me now br
There'll be a new song playing on your radio tomorrow
br
And you forget about me but P

I wanna reach out and pull you closer when I see those
eyes br
But I'll be leaving soon and I don't wanna tell you lies br
And you think hearing the truth from a man these days
is rare br
But honesty is easy br
Honesty is easy br
When you don't care P

I don't wanna let you go br
But holding on to you would change my life I know br
I know br
And I don't wanna change P

Well I'm still right here now br
Where I was ten or fifteen years ago br
And there's a new girl by my side br
And the steam clouds over my bedroom window P

Cause I say: br
I wanna reach out and pull you closer when I see those
eyes br
But I'll be leaving soon and I don't wanna tell you lies br
And you think hearing the truth from a man these days
is rare br
But honesty is easy br
Honesty is easy br
When you don't care br
You don't care br
