## "Come Undone"

There are ways I've been fallin'  
There are times when I've been so weak  
There are moments, I hear redemption call them  
But I'm too far down to speak

So come sweet fire of mercy, cover up my skin  
Warm me like the sun, oh, won't you let me in

So come, come undone  
So come, come undone

There are scars that I've been hiding  
There are ghosts that I do not name  
There are closets I don't like ever open  
But they open all the same

So come sweet fire of mercy, cover up my skin  
Warm me like the sun, oh, won't you let me in

So come, come undone  
So come, come undone

I come, come undone  
Come, let me come undone

So come, come undone  
So come, come undone
