There's a world awaiting you and it's yours for the taking  
But everything you hold on to is standing in your way  
The dark will disappear, if you just give it away

So let it fly, let it fly to the only one that can hold it  
'Cos you know you don't have to hold it  
So let it fly, let it fly to the only one that can hold it  
'Cos you know you don't have to hold it so let it fly

You have the Sun inside of you burning away your darkest hours  
Where everything's as good as new with the dawn of a brand new day  
The dark will disappear, if you just give it away

So let it fly, let it fly to the only one that can hold it  
'Cos you know you don't have to hold it  
So let it fly, let it fly to the only one that can hold it  
'Cos you know you don't have to hold it so let it fly

I see the sunrise, don't let it pass you by

So let it fly, let it fly  
'Cos you know you don't have to hold it  
No, you know you don't have to hold it

So let it fly, let it fly to the only one that can hold it  
'Cos you know you don't have to hold it so let it fly
