Fallen like the sun, given way to the darkness of night  
When hope is all but gone, let me remind you my friend  
to hold on  
All of us the same, everyone carries the ache of the  
world  
This is not where it ends  
I will remind you my friend to hold on

It's gonna be one more day, the clouds will roll away  
It's gonna be one more day, we'll all be okay  
It's gonna be one more day, we'll see our Savior's face  
So hold on, hold on, yeah

Life can be so unkind, I've given up asking why  
You can't escape the way the world cracks and breaks  
But, oh, hold on

It's gonna be one more day, the clouds will roll away  
It's gonna be one more day, we'll all be okay  
It's gonna be one more day, we'll see our Savior's face  
So hold on, hold on

One more day, yeah  
One more day, yeah  
One more day, yeah  
One more day, oh

It's gonna be one more day, the clouds will roll away  
It's gonna be one more day, we'll all be okay  
It's gonna be one more day, we'll see our Savior's face  
So hold on, hold on, so hold on, hold on
