Just remember everything I tell you
Sorry for the pain and I have caused you
You know it's true, I want to stay
I know you tried to make it what it should have been
You were there to help me when I couldn't have been
I don't know what ever came over me

Gimme that one more chance
Remember all that we've planned
Gimme that one more chance for me

Gimme that one more chance
Remember all that we've planned
Gimme that one more chance for me

I just want to do half of what you do
And I know it seems so strange of me to say this
If there is a hundred ways to say it, all in one it means
don't go away
Everybody's goin' around tellin' you lies
They don't know how hard I've tried
You know it takes the pressure for me to see

Gimme that one more chance
Remember all that we've planned
Gimme one more chance for me

Gimme that one more chance
Remember all that we've planned
Gimme that one more chance for me

If you could read my mind how wonderful it would be
Love is hard to find, and what it means to me is so
divine

Gimme that one more chance
Remember all that we've planned
Gimme that one more chance for me

Gimme that one more chance
Remember all that we've planned
Gimme that one more chance for me

Gimme that one more chance
I want to prove it
Remember all that we've planned
I know we can do this
Gimme that one more chance for me

Gimme that one more chance
Love's my playground
I realise I let you down
Gimme one more chance for me

Say you love me
Say you love me
I want you to say it, say it
Do you love me?
Do you love me?
I love you
Please tell me you love me
