She left with all of her clothes and all
she walked with all my cd's
she was too small to take the big screen
So she took all my dvd's

I swear the woman went crazy
cussing and yelling at me
I tell you nothing's gonna break me
as long as i still believe

I still believe in love, yeah you know
I still believe in love, girl,
I still believe in love, yeah
Yes i do, jus tnot with you

She called me all kinds of names and all
she cuss me right where i stood
she said she no longer loves me
She call me trifling and no good

I didn?t open my mouth at all
There wasn?t nothing to say
If it?s not written in the stars girl, no, no
I won?t beg you to stay
But you know I?m going to make it because

I still believe in love, yeah you know
I still believe in love, yeah
I still believe in love,
Yes I do, just not with you

I keep it real because
I still believe in love, lord
I still believe in love, awe
I still believe in love,
Yes I do, just not with you

Now, now, now sugar no where
I still believe in love, yeah
I still believe in love, yeah
I still believe in love, yeah
