(Get up)

(The star of the show  
Hard-working Mr. Dynamite  
Jaaaaames Brown) (Brown) (Brown) (Brown)..

(Get up)

[ Charlie Brown ]  
Yo, I don't mean to brag, there's the tag  
Brown got a brand new bag  
Shining star up to par  
Bars guitars  
So far so good, gettin greater at last  
Where it counts, later for the last  
First you're dead and stinkin  
Thinkin, winkin, drinkin, sinkin  
Ba-ba-ba-blinkin  
Baby paw, New York City is in the house  
Without a doubt, we turn the mutha out  
Routs threw out shouts: "ain't we funky now"  
Godfather, Soul Brother Number One

[ Milo ]  
Ugh! (Ugh!) Ugh! (Ugh!) Ugh!  
I'm hot, huh!  
90 are levels of degrees burnin  
Turnin in a rough rotation  
Livin in the land of the lost and found  
Can't drown in sounds of the James Brown, Brown,  
Brown  
This is the mixture when you add hard texture  
Can't get no harder, so I'm out to getcha  
Its essence felt, you're turned inside out  
Fellas, what you gon' say now?  
Thirsty? Not, my verse just quenched your thirst  
>From the burst of energy  
Shinin on the appetite  
Can't cross the thin line of the end of my time  
(Hah!) Hold it, I'm still burnin  
Pop or not, I come to break up slots

Cause it can't get no harder  
Give it to me, Godfather

[ James Brown ]

Can't get any harder - than what I got  
Cause what I got - is sho' nuff hard to stop  
Can't get any harder - cause what I got  
Cause what I got - is sho' nuff hard to stop  
Hey!

I've been around for a long time  
Won't let nobody bring me down  
Rock solid, solid as a rock  
Too smooth to move and too hard to stop

[ Busta Rhymes ]

Oh yes, come and get with this entourage  
As we get busy in the garage  
Leaders of the New forever large  
Cause we got the funk flip script, oh yes  
Get up and ill, everybody move your hip, scream out:  
"Yes!"  
That's what I'm talkin about - ah!  
Busta, Leaders come and turn it out  
Don't try to front on the flavor  
Save that for later  
Or join the Maker in the spirit like an elevator  
You wanna know somethin funny? I was devastated  
When I elaborated how we collaborated  
???With singers in music activated???  
Most necessary that we salute many too livin legendary  
James Brown comin to you, better open the door  
Because I wanna MOP THE FLOOR!

[ James Brown ]

Do it, ya  
Gimme some rap, now - hah  
Put it there  
Welcome to the club  
Huh!  
Bring it all together

Can't get any harder - ugh - than what I got  
(Soul!)  
Cause what I got - is sho' nuff hard to stop  
Can't get any harder - ah, good God - than what I got  
(Soul!)  
Cause what I got - aaaaeeew - is sho' nuff hard to stop

I've been around for a long time  
Won't let nobody bring me down

Rock solid, solid as a rock  
Too smooth to move and too hard to stop  
Can't get any harder  
Ugh!  
Agh!  
Move-a  
Aaaaaaoooh yes-a!

Aaaaaaaw!  
The groove move ya

Can't get any harder - than what I got  
Cause what I got - is sho' nuff hard to stop  
Can't get any harder - good God - than what I got  
Cause what I got - is sho' nuff hard to stop

[ L.O.N.S. ]
