She left with all of her clothes and all
She walked with all my CDs
She was too small to take the big screen
So she took all my DVDs, yeah, yeah, oh

I swear the woman went crazy
Cussin and yellin at me
I tell you nothin's gonna break me
As long as I still believe, yeah, yeah
That's why you got to know..

I still believe in love, yeah you know
I still believe in love, girl you know
I still believe in love
Yes I do, just not with you

She call me all kinds of names and all
She cuss me right where I stood
She said she no longer loves me
She call me triflin and no good

I didn't open my mouth at all

There wasn't nothin to say
If it's not written in the stars girl, no, no
I won't beg you to stay
But you know I'm gonna make it 'cause..

I still believe in love, yeah you know
I still believe in love, don't you know
I still believe in love
Yes I do, just not with you

I keep it real because..

I still believe in love, don't you know
I still believe in love, awe, you know
I still believe in love
Yes I do, just not with you

Now, now, now sugar no way
I still believe in love,

I still believe in love,
I still believe in love,
Repeat
