I'm just a boy from under the hood
And I play in a rock and roll band
I cut my first track I Stand Alone "Why you feel"
I cut my second with a chainsaw in hand

'Cuz it was loud, mean, aggressive and rude
And everybody came to hear it and watch me get nude
I was the first to stand up against the PMRC
How soon we forget but you can't forget me

'Cuz I am a motherfucker
I am a pound of broken glass, yeah
I am a motherfucker
Just call me a Billy Badass

I'm all over you like stink on shit
When you put me in a category I don't fit
I set the stand on fire Woodstock '94
It either rocks or it don't and I'm rock to the core

Remember Head bangers ball when MTV was mean
That was back when Carson Daly was still shittin' green
You want to see the Real World, then step on our bus
Cuz the Real World is comin' to jam with us

'Cuz I am a motherfucker
I am a pound of broken glass, yeah
I am a motherfucker
Just call me a Billy Badass

Well, I am a World Record Holder
Got my name in the book 100 shows in 50 days
Was all that it took to set the record straight
The way it should be, you say fuck you, I say fuck with
me

'Cuz I am a motherfucker
I am a pound of broken glass, yeah
I am a motherfucker
Just call me a Billy Badass
