(J.J. Dupree)

I love the sound of silence

The beautiful sound of silence

'Cause it gives me something else to break

I'm loud God damn it

You shut the door, I slam it

A load of dynamite powder

It's loud God damn it, I'm louder

Cut it on, so I can hear it

Cut it up, 'cause I can't feel it

Cut it out, before I snap

Cut the crap

Cut the crap

Cut the crap

Cut the crap

Cut it on, so I can hear it

Cut it up, 'cause I can't feel it

Cut it out, before I snap

Cut it on, so I can hear it

Cut it up, 'cause I can't hear it

Cut it out, before I snap

Cut the crap

Cut it on, let's get it on

Cut it up, let's get it up

Cut it out, I'll kick it out

Cut the crap

Cut the crap

Cut the crap
