## "Let's Don't Go There"

There's a place inside my soul  
There's a place that's not quite whole  
And it seems as though it's here to stay  
The feeling grows everyday and it's getting bigger  
It's getting bigger, oh, it's getting bigger

Let's don't go there  
Let's don't go, you can't compete  
Let's don't go, you lose your bet  
Let's don't go, it makes you wet  
I know nobody wants to know from rain

There's a place inside my head  
There's a place I go instead  
And I feel the need to be there anyway  
The feeling grows everyday, it's getting bigger  
It's getting bigger, oh, it's getting bigger

Let's don't go there  
Let's don't go, you can't compete  
Let's don't go, you lose your bet  
Let's don't go, it makes you wet  
I know nobody wants to know from rain, no no

It's getting bigger, bigger  
Let's don't go there  
Let's don't go, you can't compete  
Let's don't go, you lose your bet  
Let's don't go, it makes you wet  
I know nobody wants to know from rain

Let's don't go, you can't compete  
Let's don't go, you still compete  
Let's don't go, you lose your bet  
Let's don't go, it makes you wet  
I know nobody wants to know
