Whatcha gonna do when the sun don't shine
And moon don't come up right on time?
Whatcha gonna do when the storm won't break
And the whip don't crack and the earth won't quake?

Whatcha gonna do when the knife won't cut
And the blood won't show and your mouth run dry?
Whatcha gonna do when it crumbles in your hand?
It's an eye for an eye when your high horse dies

Locked & loaded
(Primed and ready)
Locked & loaded
(Feelin' nasty, seein' red)

Locked & loaded
Locked & loaded
Locked & loaded
Aiming for your soul
Locked & loaded

And whatcha gonna do when the lightening flash?
And your bridges burn and you start to crash
And a pill won't take the pain away
But it make you feel good in a different way

Who you gonna blame when the man calls time
And the clock runs down and your soul is mine?
And how you gonna pray when your hands are tied?
And you look in my face, I lied, I lied

Locked & loaded
(Primed and ready)
Locked & loaded
(Feelin' nasty, seein' red)

Locked & loaded
Locked & loaded
Locked & loaded
Aiming for your soul
Locked & loaded

Ooh yeah

I'm your danger
(Feed me with your fear)
I'm your danger
(Watch me drawing near)

Locked & loaded
(Primed and ready)
Locked & loaded
(Feelin' nasty, seein' red)

Locked & loaded
Locked & loaded
Locked & loaded
Aiming for your soul

Locked & loaded
Locked & loaded
Locked & loaded
Aiming for your soul

Locked & loaded
Locked & loaded
Locked & loaded
[Incomprehensible]
