Loneliness, no place to hide
There's no need to run when I'm at your side
You're lookin' for something, it's easy to see
You're always changin' things, no, you won't let them
be

And in the still of the night when you're ready to give
up the fight
Then you reach for me
In the still of the night, I can take you where you want to
be
When you reach for me
In the still of night, I can hold you tight and set you free

You've been down this road, day after day
You've lived and loved, your work is play
You know your needs and it brings you pity
You do your deeds, yeah, the real nitty gritty

And in the still of the night when you're ready to give
up the fight
Then you reach for me
In the still of the night, I can take you where you want to
be
When you reach for me
In the still of night, I can hold you tight and set you free

You're just a little girl inside
You thought you'd come along just for the ride
And when things didn't turn out the way you want them
to be
Well, that's when I feel you reaching for me, yeah

And in the heat of the night when you're ready to give
up the fight
Just come on around, mama, knock on my back door
Then you reach for me
In the still of the night, I can take you where you want to
be
When you reach for me
In the still of night, I can hold you tight and set you free

Then you reach for me
In the still of the night, I can take you where you want to
be
When you reach for me
In the still of night, I can hold you tight and set you free
