I feel better when I'm drinking
It just seems to ease my mind
And all my worries and troubles
They just seem to fade behind

Oh the secret of the bottle
It may never be known
So I'll raise my glass and propose a toast
And this one baby is for you

I start to laugh when I'm drinking
And I may tell a joke or two
Sometimes I'll even pretend
That I'm still in love with you

Oh the secret of the bottle
It may never be known
So I'll raise my glass and propose a toast
And this one baby is for you

And you ask me if I've felt pain
After all that I've been through
I've paid more than just my dues
I felt the pain of you

[Incomprehensible]
[Incomprehensible]
I'll tell them what I see

Oh I feel the pain when I'm drinking
It just don't seem to cut as deep
And when I lay down without you
It makes it easier to go to sleep

Oh the secret of the bottle
It may never be known
So I'll raise my glass and propose a toast
This one baby is for you

The secret of the bottle
It may never be known
So I'll raise my glass and propose a toast

This one baby is for you, oh

The secret of the bottle

It may never be known

So I'll raise my glass and propose a toast

This one baby is for you

I feel better when I'm drinking
