I know at once
The moment that I looked in your eyes
You were the one
That I would love for the rest of my life

#you changed my heart
You shared my every dream
You gave me faith to see
Everything I can achieve 'cos...

*you bring the best in me
You turn my world around
Cos you're my inspiration
You are all I'll ever need
You're every wish that I hoped for
I believe in me once more
Baby you bring out the best in me!! *

I know you are
Just like an angel sent from above
In your embrace
You give me more than
I could ever dream of

[Repeat # *]

And now I know that you will save me from the storm
By holding me close
And keeping me warm
I'll always love you from now on...

[Repeat *]
