Should have called her up
Should have make a move
Should have gone forward
Even know she got a dude
Should have take it there
Come up with a plan
Should have never gave me her number
It ain't my fault
If your shawty end up choosing
It ain't my fault
And she throwing up the deuces
It ain't my fault
No it ain't my fault
It ain't my fault
Cause she knew what she waas doing

Girl turn it up, that's enough
Cause you wanna be with me
There's the door, you can ask your man
She's gonna leave with me
Yeah I got her, right where I wanna
And you're sour, but that ain't my problem
She all on me
Yeah that's your girl but she
All on me
Yeah she choose up, she know what's up
Just give it up, she chose up
Yeah that's your girl but she
All on me
Yeah that's your girl but she
All on me
Yeah she choose up, she know what's up
Just give it up, she chose up
She all on me, she all on me

Oh you mad now, what I do to you
She the one that came begging for me
To come through
So get your girl, before you start calling me
Cause you end up with more trouble than you wanna be
It ain't my fault

If your shawty end up choosing
It ain't my fault
And she throwing up the deuces
It ain't my fault
No it ain't my fault
It ain't my fault
Cause she knew what she was doing

Girl turn it up, that's enough
Cause you wanna be with me
There's the door, you can ask your man
She's gonna leave with me
Yeah I got her, right where I wanna
And you're sour, but that ain't my problem
She all on me
Yeah that's your girl but she
All on me
Yeah she choose up, she know what's up
Just give it up, she chose up
Yeah that's your girl but she
All on me
Yeah that's your girl but she
All on me
Yeah she choose up, she know what's up
Just give it up, she chose up
She all on me, she all on me
