You where my best friend
Thought you always be my best friend
We were together, thought you stay with me forever
Sitting here by the phone
Girl you know I been so all alone
Why did it end, where did love go, don't you still love
me

[Vers:1]

We used to go and skating every other weekend
Me and you haning out, best friends no doubt, girl we
had so much fun
Me and you playin' in the park all day, haning in the
neighborhood chillin' round are way
How I miss those days
A you are the apple on my eye
B I thought I never say Bye Bye
C Leaven in the cherrypie
Why did you have to leave me

You where my best friend
Thought you always be my best friend
We were together, thought you stay with me forever
Sitting here by the phone
Girl you know I been so all alone
Why did it end, where did love go, don't you still love
me

[Vers:2]

Ever since you been gone I've been all alone
Thinkin' about yesterday, games that we use to play
Glassballkeens, hide and go seek, you're frinds playin
dobble dish talking about me
A you are the apple on my eye
B I thought I never say Bye Bye
C Leaven in the cherrypie
Why did you have to leave me

You where my best friend
Thought you always be my best friend
We were together, thought you stay with me forever
Sitting here by the phone

Girl you know I been so all alone
Why did it end, where did love go, don't you still love
me

[Vers:3]

Baby I will always be there for you [x4]

You where my best firend
Thought you always be my best friend
We where together, thought you stay with me forever
Sitting here by the phone
Girl you know I been so all alone
