Hey , Girl wassup  
Looking like you need a little pick me up,  
Come with me I'll introduce you to the brighter side of  
love,  
No more cloudy days, all the rain washed away  
Everything will change, but I can love you in the dark

All night, or I can love you in the sunlight  
Baby take my hand we can go anywhere  
We won't be afraid tonight, tonight

Baby if you let me be your diamond love  
I will blind you til you say you've had enough  
Baby i can make you shine  
Been waiting to make you mine  
We can go light up the sky tonight  
Baby if you let me be your diamond love, girl  
Your diamond love

Hey, Girl wassup  
How would you like to be one , one of my kind  
Come over to the other side  
Let me take you for a ride  
I'll kiss your neck and girl you won't be the same  
Baby everything will change, but I'll still love you in the  
dark

All night, or i can love you in the sunlight  
Baby take my hand we can go anywhere  
We won't be afraid tonight, tonight

Baby if you let me be your diamond love,woaahh  
I will blind you til you say you've had enough  
Baby I can make you shine  
Been waiting to make you mine  
We can go light up the sky tonight  
Baby if you let me be your diamond love, girl  
Your diamond love

It's all up to you  
Lead you to the moon  
Pass the stars, girl lets fly away

I'm waiting on you  
What I gotta do to be your diamond love?

Baby if you let me be your diamond love  
(Would you, would you? Would you, would you?)  
I will blind you til you say you've had enough  
(Baby I can make you shine!)  
Baby I can make you shine  
Been waiting to make you mine  
We can go light up the sky tonight  
Baby if you let me be your diamond love, girl  
Your diamond love

Aye!!! (x8)
