I remember lonely
she wouldn't hold me, wouldn't touch me at all
i do
and I remember crying
she was the one that left me crying with no shoulder to
use
and I remember lies
she was one of those types that would look me in my
eyes and lie
and I was almost through until i ran into you
i`m just so glad i know you

i didn't know love til i`m in love
i got my hands up,
what would i do if i didn't know you
running out of hope til i`m in love
now i can stand up
what would i do if i didn't know you
what would i do if i didn't know you
what would i do if i didn't know you
what would i do if i didn't know you
if i didn't know
I remember angry
she had some issues that we couldn't work through
oh she reminded of jealous
always accusing me and now i bet she`s jealous of you
and I remember bye bye
she was one of them types that was in and out my life
all the time
and i was almost through until i ran into you
i`m just so glad i know you

i didn't know love til i`m in love
i got my hands up,
what would i do if i didn't know you
running out of hope til i`m in love
now i can stand up
what would i do if i didn't know you
what would i do if i didn't know you
what would i do if i didn't know you
what would i do if i didn't know you
if i didn't know you

i know you better than i know myself
thought i knew love but i was by myself
can` t call it love, no, now with no one else but you
i` m just so glad i know you

i didn` t know love til i` m in love
i got my hands up,
what would i do if i didn` t know you
running out of hope til i` m in love
now i can stand up
what would i do if i didn` t know you
what would i do if i didn` t know you
what would i do if i didn` t know you
what would i do if i didn` t know you
if i didn` t know you
