Let go of me, dont bother me
You understand nothing
And I will not make you understand ...
Stare at me, face to face
Its just you never wanted to see
You wont want to, nor you will
My side, my way
What I inherited from my folks
I can never lose
Let go of me, dont bother me
Let me live, let me live
Let me live, let me live ...
Beware, dear god!
It's in my will
To make you collapse
from your heels, dont even try
to Keep things as they are
cause it wont happen, it just wont ...
Dumb! Insane!
The melody of my samba
Puts you in place
Let go of me, dont bother me
Let me sing, let me sing
Let me sing, let me sing ...
I'll
clarify
My voice
screaming
Nothing, more from us!
Ill let my pack to announce
I'll get rid of you ...
Harpy! Spider!
Wisdom of prey
And entangling, entangling
Van! Whore!
My energy is what
Keeps you suspended in the air
Get out! get out!
Get out of my blood
leech
you just know how to suck blood

Pirate! Thief!
Let me come, let me enjoy
Let me come, let me enjoy ...
Slut! Vampire!
The old scheme collapses
This time for real
Horny! Petty!
She thinks she owns me
And I ask
Who gave you this much liberty?
Loser! Bitch!
another story begins
Here in the light of this IT day
All good, Im on my own
I'll live ten
I'll live a hundred
I'll go live for a thousand
I'll live without you ... (2x)
I'll live without you
in the light of this IT day
I'll live without you ...
