I couldn't wait for success, so I went ahead without it
And yes I confess, that I bent my life around it
But ever since I stopped it's the best decision I made
Besides hookin up with my girl Amanda A
Or da first day I spent with her at da night parade
But now my mind free I got someone for my aid
And I don't feel no longer I'm walkin with hand
grenades
Yea I actually love and I don't have to persuade
To her that we love each other and we aint bein
betrayed
But my second best decision was not bein afraid
Of any of the precisions that the people made
I hate you why don't u cry, die, or run away
But the truth is I'd be nowhere if I jus obeyed
And keep talkin sh**, the more you spit, the more I
upgrade
Whatever I'll rip you foo's off like band-aids
I'm da bread and you foo's are the mayonaise
I don't need you and don't really care if you stay
Your jus anotha person like if ya man-made
Well I'm created by god and I'm hand-made
I'm comin up and takin over all of the damn land space
But you can't even stay with da damn pace
Whatever I don't care sh** try your hardest
I got my girl now and I'll come back from all this
And if I resist you'll prolly get pissd sh** and want ta
slit ya wrist
Ha well bi*** if you so pissd why'd you laugh n spit
Now y'all prolly kissin da fist of carma
And if you insist give me a 30 out 6 and see wut imma
do
Nahh I aint dumb I got my own life too
But unlike all you I'm actually doin somthin
Y'all jus hate on people because y'all nothin
It's funny how I can see how my life changed
But I'll neva forget on the hood from which I came
You foo's are the wood and I am the flame
Or your jus the dirt and I am the rain
And when I look at you your jus all the same
The only ones that's diffrent is Amanda and AJ
This is da perfect picture but there aint a perfet frame

And when I'm on the world they'll remember our name
Sayin look at what he became, when y'all sleepin in ur
shame
Yea I'm high like a plain but I aint eva playin
And maybe I'm insane but you jus all plain
Heres a chain but I can't b trained and I can't be tamed
I can't be hurt so don't aim for pain
My brain is strained and my veins are stained
With what lays of remains and my thoughts contain
The drops of extra cocaine that my main mayne died
from
I have these raps inside my stomach, YUMM
You my boi now don't ever forget that
I can't wait till the day that I see you come back
Cuz you had my back in any 5 on 2 combat
And we would still lay there asses down flat
Jus look at me now kid I'm a success
I got my girl in ma family I'm sellin cd's and baby I'm
blessed
