I wrote the note and I sent it over
It read Im lonely tonight
She looked up she looked away
I wasn't sure if it reached her
Then that note came back to say
You don't have to be alone
I can't believe that's what it said
You don't have to be alone, just reply
I stood up, I turned her way
But that's as far as I could get
Before she took my hand
And led me outside
CHORUS:
Lets pretend we can't forget about tomorrow
I make believe were the only ones alive
Flesh on flesh
She leads me and I follow
Lets not get confused
What's it gonna be
Oh, is this another 8 hour love story?
I woke up dreamin
About the angel in my darkness
I never even asked her name
As we moved the stone together
I could still smell her sweetness
But I can't believe that I let her go
CHORUS REPEAT
As I lay here on my own
Im already making plans
The same place the same time
That's where Im gonna be
Hopin for another chance
CHORUS REPEAT
An 8 hour love story (2x)
8 hour
8 hour love story
8 hour
8 hour love story
8 hour
8 hour love (fades)
