Fallen down, Im on my knees
No ambition left for me to care about
Somethings got to change Ive lost my dreams my
everything
And my whole world is turin upside down
CHORUS:
Lets get lost
And throw it all away, yeah
Lets get lost
And well just disappear, to anywhere but here
Lets get lost
Lets get lost
Im runnin scared, not runnin free
Tired fly flappin at me all the time
No where left to go, Ive got no hope, out of control,
Come on baby noe lets live out loud
CHORUS REPEAT
Its much too vague
Weve passed the point of no return
Were face to face
Lets firer it up and watch it burn
Na na na nana na na (4x)
CHORUS REPEAT (2x)
Na na na nana na na
