Dawn breaks another day
Trough a veil of sleepless night
A heavy heart of pondering
In the shadows of my plight

It was fifteen years ago
That a presence came to me
It was a call to live in song
Leading to adversity
But my heart still believes

I'll never surrender
I wont lose my soul
Hold onto the dream
And never let go

See this vessel of the soul
It's decaying day by day
Though this body fails me now
There is so much I must say
Music intertwined with word
Watch the miracle occur
Free the heart release the mind
Bring a vision to the blind
Let the melody preside
And release the ancient power
In this quickly fading hour

I'll never surrender
I won't lose my soul
Hold onto the dream
I'll never let go
Never surrender
Never let go
