[Verse]

Your everything I'm not,  
You've got everything I need.  
We have to give this whole thing a shot,  
Even though this may sound like greed.

[Chorus]

We could fall in love tonight,  
Without thinking about tomorrow.  
Truely this is quite lovely.  
We could do this and be alright,  
But there's no knowing if there'll be sorrow.

[Verse]

You complete me,  
You seem to be so perfect.  
Me and you don't have to be apart,  
You and me can become we.

[Chorus]

[Verse]

Boo I need you with all my heart,  
I don't know where to start.  
When you come around I could faint,  
With feelings taht are painted... on my heart.

[Chorus]

[Verse]

I got it bad for you,  
Although it may be sad but true.  
All my life I've waited for that someone,  
Now I know that it's always been you.

[Chorus]

[Verse]

I'm nobody without you.  
If it doesn't work out,  
We'll still be friends.  
I just need you in my life.
