[Chorus]

I don't love you
But I love you
I don't love you
But I do

I don't love you
But I love you
I don't love you
But I do

[Verse 1]

I don't love you as a guy
I don't love you as a man
I don't love you as a boy
But I love you all that I can

[Chorus]

I don't love you
But I love you
I don't love you
But I do

I don't love you
But I love you
I don't love you
But I do

[Verse 2]

I don't love you cause of your smarts
I don't love you cause of your skill
I don't love you cause of your strength
But I still love you and I will

[Chorus]

I don't love you
But I love you
I don't love you
But I do

I don't love you
But I love you

I don't love you
But I do

[Verse 3]

I don't love you cause of your looks
I don't love you cause of your life
I don't love you cause of your laughs
But I love you cause of my strife

[Chorus]

I don't love you
But I love you
I don't love you
But I do

I don't love you
But I love you
I don't love you
But I do

[Verse 4]

I love you cause of your morals
I love you cause of your mood
I love you cause of the memories
But I don't love you cause you are rude

[Chorus]

I don't love you
But I love you
I don't love you
But I do

I don't love you
But I love you
I don't love you
But I do

[Verse 5]

I don't love you
And I love you
I don't love you
And I do

I don't love you
And I love you
I don't love you
And I do
