[Verse 1]

Enough said I dont need no fucking intro.

Cause' when I pull my pants down, I'm whipping out a lamo.

This bitch just hip me up.

She tryna' sneak me through her window.

But her pussy played out like Atari & Nintendo!

She did her thang with the brain she went insane.

But her dick ridin' was whack! Point blank period.

Beat the pussy had this bitch goin' delirious.

(Can you eat me out?) Bitch please you serious?

Now on to the next chick. & & & she got bigger titts.

But her friend really with this, she told the girl she tryna' hit this.

Aye! But thats a different story.

Half of these bitches in LA they really start to bore me.

I have the baddest bitches give away the horney if

I let my dick hang I bet you she will explore me!

[Chorus]

[Verse 2]

Let a nigga smack it up. Got the pussy drippin' cause' the dick stay actin' up!

left her face all nutty!
Then the shit too funny like GIRL ... Learn how to give it

With my dick in ya butt, Cause' I dont give a fuck

So Mutha Fuckin' What !

[Chorus]

[Verse 3]

I'll have you feen'n for the dick like a addict.
I'ma make you bounce on the dick like a rabbit.
You'll open up them legs like a cabinet & if the pussy

My dick is the bomb like a bag of granades & I'm cum'n
in her braids while her body just lays.
Like a big bag of chips & my kick I got the flicks.
With my dick between her dicks & I came on her lips!
Ha Now you really cant kiss me cause' your mouth is a
daycare.
Now you really gone miss me cause' the house I took
you to...
bitch I dont even stay there!
2 fingers play with it, baby I can get it wet,
leaking through the panties like a crack in a dam.
You sneaking through the back with a hat & a gram.
