Kick start my engine cause I've got no time for  
Wastin'  
I'm never gonna get another lover that I deserve  
I see another winner can I find the time now  
Hoping that the lovin' in your pocket will fill my  
Heart  
Can you hear...the sound thumping In my heart  
Can you feel...the sun shining miles apart  
Open up...inside and a let me in  
Cause I'm burning down inside and I won't let  
You win  
You know I got who it takes  
You know I know what it takes  
To make your love be mine  
So sentimental when you get down on your  
Knees  
Be good cause I'm never gonna hold a grudge  
You say be mine forever and take hold of all my  
Lovin'  
I wanna see you try and steal my lonely heart  
Can you hear...the sound thumping In my heart  
Can you feel...the sun shining miles apart  
Open up...inside and a let me in  
Cause I'm burning down inside and I won't let  
You win  
You know I got who it takes  
You know I know what it takes  
To make your love be mine  
Can you figure out all my ups and downs  
I have opened up inside but I won't let you in  
All veil and cloack to my virgin touch  
Twinkling eyes you'll love me so much  
Luscious lash mascara hot lip gloss  
Sensuous long legs you know I'll be your boss  
I feel your body next to mine  
My claws sink deep it feels so divine  
Trumpets of love scream for fun  
As I hold you captive you are the one  
You know I got who it takes  
You know I know what it takes  
To make your love be mine
