Love / is never on my side no  
Stop / and take a look you know  
I'm trying / so hard yeah / you'll like it  
Touch / swirl on down my feet now  
You / get me so excited baby  
I'm flying / and I like it  
Never gonna give you up  
Never gonna let you down  
Never gonna let you go  
Cause I'm / in love with you  
Never gonna give you up  
Time / is never on my side no  
Pride / is your middle name  
Keep trying / baby / don't deny it  
Take / one good look at me now  
Shake / want me by your side  
You need me / baby / don't fight it  
Never gonna give you up  
Never gonna let you down  
Never gonna let you go  
Cause I'm / in love with you  
Never gonna give you up
