I was looking for a something  
That I couldn't find  
I was searching for a lover  
That made me blind  
All the people say I'm crazy  
And I don't know why  
Hold me by the hand baby  
Never make say  
I will try and find a way to tell you  
And risk it all  
While this mystery keeps on saying  
Make that call  
I can give you all my reasons  
But that ain't much  
Whisper in my ear...baby  
One more time  
One more time... hug me baby  
Don't let me lose this time... touch me baby  
One more time... love me baby  
Take me by the hand  
And make me understand  
If you've found another lover  
And tell me now  
I can tell you there's no other  
I'll show you how  
While this rain just keeps on falling  
I'll find a smile  
Voices in my head whisper  
One more time  
One more time... hug me baby  
Don't let me lose this time... touch me baby  
One more time... love me baby  
And whisper one more time  
And make me understand
