There's a big dark cloud hanging over me
And there's a million places i'd rather be
When all the days of doubt and uncertainty
It weighin on me , in a big big world
There's a price to pay
Your just waitin' you turn for a chance to play
So i dream away on a very lonely,lonely day
Chorus:
That's when an angel came down and she spoke to me
You know it cleared my mind and it set me free
I gota seize the day ,yeah , i gotta seize the day
That's when an angel came down and she spoke to me
You know it cleared my mind and it set me free
I gotta seize the day , i gotta seize the day
Now there's much,much more that i need to say
You know i long,long ,long for a brighter day
Another fruitles search getting on the way
It's weighin on me; i spend days on end trying to
explain
No point in drying out your tears in the pouring rain
I dream away another sad, sad lonely day
That's when an angel came down and she spoke to me
You know it cleared my mind and it set me free
I gota seize the day ,yeah , i gotta seize the day
That's when an angel came down and she spoke to me
You know it cleared my mind and it set me free
I gotta seize the day , i gotta seize the day
[instrumental break]
That's when an angel came down and she spoke to me
You know it cleared my mind and it set me free
I gota seize the day ,yeah , i gotta seize the day
That's when an angel came down and she spoke to me
You know it cleared my mind and it set me free
I gotta seize the day , i gotta seize the day
(repeat chorus until fade out)
