Do you remember the way we touched
Just yesterday
You whispered that you loved me so much
I begged for you to understand
You gave me strength
When the world you held was in my hand
And when I look into your eyes
I'm paralyzed when I see you cry
I'm like a child in a merry go round
You spin me up 'till I hit the ground
A never ending fool... without you in my
Arms
Try so hard not to break my heart
Show me love and just play your part
All my loneliness...without your sweet
Caress
But every time that you go away
I feel so empty /I'll try my best not to run
Away
It feels So good when I see you smile
For you I'd walk a thousand miles
I'm like a child in a merry go round
You spin me up 'til I hit the ground
A never ending fool...without you in my
Arms
Try so hard not to break my heart
Show me love and just play your part
All my loneliness...without your sweet
Caress
I swear I was in love last night
Obsession never dies
When I see cry
I'm like a child in a merry go round
You spin me up 'till I hit the ground
A never ending fool...without you in my
Arms
Try so hard not to break my heart
Show me love and just play your part
All my loneliness...without your sweet
Caress
