[Intro]

Ah-ha!

[Chorus x2 - Jadakiss]

(Wow) What you so mad at now?

Go get yourself a drink lets all get down

Roll somethin, smoke somethin lets blow this pound

Naw somethin jump off we gonna hold us down

[Verse 1 - Jadakiss]

Uh me n honey on the dance floor just flexin

Till the neck on my white T start stretchin

Liquor comin outta our paws and we sweatin

But that aint slowin us down, we still steppin

Her gear is strong, her hair is long, her feet is small

And she smoke weed and all, so we gonna pop us a  
bottle

And blow a good splif, VIP is crowded but they all look  
stiff

I'm well connected, I got wolves over there, and \*\*\*\*\*z  
that

Act like pitbulls over here, ya I'm just doin my 1 2 and  
shit

She's shakin it, doin that Saint Louis shit with her back  
in it

So I put my bones in it, the rollz go prezzy, got the pink  
stones in it

Why you want drama with me, I aint gonna blast you

Before I put the money on ya head I'ma ask you \*\*\*\*\*

[Chorus x2 - Jadakiss]

(Wow) What you so mad at now?

Go get yourself a drink lets all get down

Roll somethin, smoke somethin lets blow this pound

Naw somethin jump off we gonna hold us down

[Verse 2 - Jadakiss]

Yo yo yo, I'm everything controversial, underground  
gangsta rap

Slash commercial ya but still all it takes is a long dutch

For me to get your wifey up out of a Von Dutch

As far as the funeral, you got it, it's on us 'cause \*\*\*\*\*z  
aint crazy  
They just armed us uh, so let me get another round  
Now Hypno and Clico will sit a brother down  
Haze'll have you feelin like you in another town  
Then it's time for the gangstas so get the rubbers now  
K I two of them swirled things one more drink and ya  
boy  
Might be doin the earl thing, ma it's me, you and  
whoever ya girl bring  
Meet me in the back, I'm outside the pearl thing  
I got the trate pound hooked on my waist  
When they mention my name around other rappers,  
look in they face and say

[Chorus x2 - Jadakiss]

(Wow) What you so mad at now?  
Go get yourself a drink lets all get down  
Roll somethin, smoke somethin lets blow this pound  
Naw somethin jump off we gonna hold us down

[Verse 3 - Jadakiss]

Can't knock a \*\*\*\*\* that didn't make it, if you try  
Far as me though, my spot is celitifed so when I hit my  
number  
I'ma hit it high and when I'm dead and gone, they  
gonna say I did it live  
'cause I done been too nice for way to long, they can't  
hold me back I'm way to strong  
Double R D-Block that's what it is and that's what it's  
gonna be  
We gettin it on I just wanna know

[Outro x2]

What you so mad at now  
Let's all get down  
Let's blow this pound  
We gon' hold it down
