Uh collision, I'm a problem & nobody can solve em, I'm  
long division  
On the road of success but it's more of a mission  
They said I would be dead or I was goin to prison  
No one of them is certain but the other one isnt, made  
rare decisions  
Rock diamonds that impared your vision, even supplied  
ya'll for years with listen  
Like I'm jus startin but I got years of wisdom  
Stripes I got nigga, it took years to get em  
Whenever you see him notice his same peers is with  
him  
He distroys tracks the minute he hears the riddim  
Not only a hell of a flow but his ears forbidden  
And if you think this is a ring tone, yea you kiddin  
Fifty thousand records sold, right yea you kiddin  
It was his time to go he ain't care who did em  
Didn't appreciate life & got aired for livin  
Pcp by the litre, good sheba, sergios tech sweat suits  
good adidas  
The jewels is invincible that we was suppose to get  
from them  
Use to send them to the store, now we blowin piff with  
them  
Nowa days it's different, I was fortunate cause I did  
alot of listenin  
The new era is missin it, everybody three fifty seven &  
four fif'n it  
Drug program two to four, three to six'n it, feds send  
niggas way out by lake michigan  
Put the coke in the tires only if they michigan,  
Never talk on the fone only deal with offical men  
You don't even know homie that put you in the shit you  
in  
Gotta busy schedule & I don't think I can fit you in,  
what's good for me ain't good for them  
No matter what set you claim or what hood you in  
I hit you & find you a wood box for them to put you in  
Stay away from the people that act scary, the maserati  
gran turismo is black cherry,  
People that control the world from black berries

But you will never know cus they keepin the facts  
buried  
Before I had a deal I was movin them packs freely  
Made a couple million offa rap & then I got greedy,  
competition got so garbage it got easy  
Then the internet kilt the game & it got greezy,  
download upload before the dutch rolled  
Not only that all the rappers got went into suck mode,  
soon as the plague is done with, you kno son spit let  
you get ya mind right, by past the dumb shit, before I  
hop in & leave,  
You gotta pop in & leave this is somethin you can pop  
in & leave,  
Know it's theraputic but becareful how you use it the  
flow might  
Make your ear drums pop & then bleed.
