I'll be by your side (General)
I'll always find a way
I love you too much, to loose ya
Sweet dancin, you're there right by

[VERSE 1:]

(By your side)
It makes me strong
It gives me the strength to bang out and make these
songs
If I do it on the spot or if it takes me long they can't stop
me
Even if my breaks was on
I'm still...
(By your side)
I'm always here, nobody's perfect
Life ain't always fair
I used to not give a fuck
I ain't always care when it's too hot for the hammer
You know the hawk is rightÂ...
(By your side)
Until you get to the car
And you gotta get through the D before you get to the R
If I don't get you today then I'ma get you tomorrow
As soon as you come out your crib I'ma be rightÂ...
(By your side)
Where I'm supposed to be
Close to you, with the toast close to me
And screw it if it's the right or wrong thing
When you in the sight of that long thing
You wish you had a strong team rightÂ...
(By your side)

[CHORUS:]

I love you too much to loose ya
Sweet dancin, you're there right by
By your side (yeah, yeah)
By your side (let's go)
I love you too much to loose ya
Sweet dancin, you're there right by
By your side

[VERSE 2:]

As long as you need me
I'm down for whatever hommie as long as you feed me
I pull the big joints out as long as the TV
Or I can play my part and just breathe easy rightÂ...

(By your side)

As soon as something happen to you
Your n*****s would bounce and you thought they were
scrappin' witcha you

Now you cleanin' your cuts with peroxide
And you wake up in the ER with the Doc rightÂ...

(By your side)

Puttin' tubes in you and you can't even eat right
They puttin' food in you

Your body's getting colder

Devil on your shoulder

And you Mom's in the room but you just wanna hold
herÂ...

(By your side)

Nothin' but realness

That's why everybody in the world could feel this

I'm on top and ya'll under me

So when it's over; if I ain't in the front, atleast I'm gonna
beÂ...

(By your side)

[CHORUS:]

I love you too much to loose ya
Sweet dancin, you're there right by
By your side (yeah)

By your side (let's go)

I love you too much to loose ya
Sweet dancin, you're there right by
By your side

[VERSE 3:]

Until they finish me off
If they don't get us both you'll be sending me off
And please just do me this favor
Stick to our little plan
And f*ck the money
Just keep my little manÂ...

(By your side)

And show 'em there's hope

And he gon' think he knows what's going

But show him the ropes

And if you bring him to the Gucci store

Show him the loffs hood n*****s I'm just showing you
growth

But I'm still rightÂ...

(By your side)

You know Kiss don't gotta aim his gun at you to be
focused
And if you broke now n***a when you see those chips
Watch how many people come out of nowhere
And try to beÂ...
(By your side)
The answer's plenty
Cause when you handling business you can't be
friendly
And if you tryna stack something
Can't be pennies
Most likely grants and benggies
And you better keep 'emÂ...
(By your side)

[CHORUS:]
I love you too much to loose ya
Sweet dancin, you're there right by
By your side
By your side
I love you too much to loose ya
Sweet dancin, you're there right by
By your side
By your side
By your side
By your side
