Shorty getting it in with me
Shorty getting it in with me
She said I brought some friends with me
But I don't know why because they ain't getting
it in with me

Shorty getting it in with me
Shorty getting it in with me
She said I brought some friends with me
But I don't know why because they ain't getting
it in with me

You know me I'm with a ghetto diva
Stiletto fever, jello shots, yellow reefer
Same rules apply, I'm back on top
You cant drink or smoke if you not gon' pop

See me in the popcorn drop, not gon' stop
Taking shots of Petrone, getting top on yachts
From a island to the mountain, rock on rocks
The whole world wanna know, when this lock go drop

Without a doubt, she acknowledge the wealth
Since she ain't give brains
I told her let me get some knowledge yourself
Then I told her, be proud of yourself and dig deep
I'm trying to see what you can get out of yourself

After all that, I told her to fall back
The Ferrari truck parked in the back, it's all black
Next time, bring some friends and more yak
It depends how I feel in the morn' if I call back

Shorty getting it in with me
Shorty getting it in with me
She said I brought some friends with me
But I don't know why because they ain't getting
it in with me

Shorty getting it in with me
Shorty getting it in with me
She said I brought some friends with me

But I don't know why because they ain't getting
it in with me

Kanye Chedda

I'm with this bad Ethiopian chick drinking straight up
liquor
I told her I'm [Incomprehensible] straight up nigga
Now is it just me or do them uggs
Have girls feet looking like sheepskin rugs

Some rhyme with a name, some rhyme nameless
Don't try to treat me like I ain't famous
My apologies are you into astrology
'Cause, um, I'm trying to make it to Uranus

See, that's a little Don Juan game
All across your chest like Sean John name
Niggas tryna figure out since Kan came
Who the rookie of the year, me or LeBron James

They say whoa don't get caught up in the hype
Ain't no telling if they gon' love you after tonight
Well if tonights the night, pop bottles, fuck models
Spend money till your broke, my nigga live your life

Shorty getting it in with me
Shorty getting it in with me
She said I brought some friends with me
But I don't know why because they ain't getting
it in with me

Shorty getting it in with me
Shorty getting it in with me
She said I brought some friends with me
But I don't know why because they ain't getting
it in with me

Shorty getting it in with me, 600 Benz with me
She wanna spend with me
She see me roll up the bud then thug up the club
'Cause I got my mens with me

She say she leaving her friends for me
They ain't getting in with her, 'cause she gon' bend for
me
Her tongue spin like a rim for me, do what she can for
me
Look like a 10 for me

Now shorty is out with me, using her mouth with me
She looking out for me, she say Kiss where you live

I said, you see the bridge when you step on the balcony
Let's go

Shorty getting it in with me
Shorty getting it in with me
She said I brought some friends with me
But I don't know why because they ain't getting
it in with me

Shorty getting it in with me
Shorty getting it in with me
She said I brought some friends with me
But I don't know why because they ain't getting
it in with me
