[Right By My Side Lyrics On]

girl make no mistakes

(right by my side)

little momma thats your place

keep holding me down

and you can help me spend this cake

(right by my side)

ride with me all i need is you right by my side

(jada)

such a smart fella the recognize the mason
more and more jealous what could i tell her
man i swear you gotta see ha to believe her
then maybe you can understand why i need her
besides being a diva
she wasn't bothered by the chiba
zodiac sign was a libra
definatly a keeper
i just wanna put her into sleepa
then fall out underneath her
wake up thake a shower and get deeper
juice up get some power and then freak her
after the feedback
then i can G mac
there is someting bout her lovemaking me need that

girl make no mistakes
(right by my side)
little momma thats your place
keep holding me down
and you can help me spend this cake
(right by my side)
ride with me all i need is you right by my side

when the drama comes my way
as long as i got you

i totally agree thats why i need your love
and i cant help it if im selfish
cuz i need your love and nobody elses

the chance of a lifetime and i cant waste it
if being beautiful is a test she done Aced it
the skin is flawless
her hair is waste length

kissin me is just history in the making
squeezin and huggin i need your lovin
