If you want it, come get it  
(New York City must be)  
If you want it, come get it  
If you want it, come get it  
If you want it, come get it  
(New York City must be)

CHORUS (Pharrell):

(Yeah) You can dance if you want to, but you really  
don't have to dance  
See you got your eyes on the hustlas  
(New York City must be)  
You just wanna touch us  
Come on with the lump in your pants (come on, come  
on)  
(New York City must be)  
(See) I ain't gonna stress ya (no), but I know my glow  
got you under pressure (uh huh)  
You already know that the flow is extra (no, he haaa),  
stand right here so the blocks can catch ya

Jadakiss:

(Uh, yo) If you want to take a picture with money then  
stand right here  
You see all eyes is on the man right here  
(New York City must be)  
Us hookin' up is the plan I swear  
And you ain't gotta dance, you can stand right there  
(New York City must be)  
Nice hips plus you got an ass to lean on  
Type of honey that you wanna flash the green on  
Real New Yorker, brilliant author  
(New York City must be)  
The work still on the same scale as Orca  
Still sellin' the kush and lightin' the sour  
Still in the hood gettin' ready for the powder  
(New York City must be)  
So what? They don't me, they fightin' the power  
Cause the flicks will be up on every site in an hour  
(come on)

CHORUS (Pharrell):

(Yeah, yeah) You can dance if you want to, but you  
really don't have to dance  
(New York City must be)  
See you got your eyes on the hustlas, you just wanna  
touch us  
Come on with the lump in your pants  
(See) (New York City must be)  
I ain't gone stress ya (uh uh), but I know my glow got  
you under pressure (uh huh)  
You already know that the flow is extra (no), stand right  
here so the blocks can catch ya (he haaa, uh, yo)

Jadakiss:

(Uh) J to the mwah  
I'm one of the best in world ma, that's what they say on  
the blogs  
(New York City must be)  
Look in the garage, half of the cars off the bars, and  
the other half off the maw  
(New York City must be)  
My entourage is large, so hard  
Kiss run the streets, my niggas run the yard  
Whoever disagree can bet they get scarred  
(New York City must be)  
We keep it so rugged, but we still so suave  
Just seen your girl, 'bout to give me a massage  
Her friend wanna join, 'bout to make it a menage  
(New York City must be)  
Let the desert off for the sake of the mirage  
Cause it all look good till the louis lands far (yeah)

CHORUS (Pharrell):

(Yeah) You can dance if you want to, but you really  
don't have to dance  
See you got your eyes on the hustlas  
(New York City must be)  
You just wanna touch us  
Come on with the lump in your pants  
(See) (New York City must be)  
I ain't gonna stress ya, but I know my glow got you  
under pressure  
You already know that the flow is extra  
(New York City must be)  
Stand right here so the blocks can catch ya

(Listen)

If you want it, come get it  
(New York City must be)  
If you want it, come get it  
If you want it, come get it  
(New York City must be)

If you want it, come get it  
(New York City must be)  
If you want it, come get it (uh uh)  
(New York City must be)  
If you want it, come get it (uh huh)  
If you want it, come get it (no)  
If you want it, come get it (he haa)  
(New York City must be)

Jadakiss:

Uh, yeah, yo, flow extra, dough extra  
They recognize the glow no matter who he's next to  
(New York City must be)  
Recognized your ho, then he probably sexed her  
All my hood niggas gettin' money, throw your sets up  
You know what it is with the kid, put your bets up  
Honey wanna slide, but I got her under pressure  
(New York City must be)  
Keep tryin' to tell her that I ain't tryin' to stress her  
Come stand right her so the blocks can catch ya (let's  
go)

CHORUS (Pharrell):

You can dance if you want to, but you really don't have  
to dance  
See you got your eyes on the hustlas  
(New York City must be)  
You just wanna touch us  
Come on with the lump in your pants  
(See) (New York City must be)  
I ain't gonna stress ya, but I know my glow got you  
under pressure  
You already know that the flow is extra  
(New York City must be)  
Stand right here so the blocks can catch ya

(Listen)

(New York City must be)  
(New York City must be)  
(New York City must be)  
(New York City must be)
