Ah ha

Wow, what you so mad at now?  
Go get yourself a drink, let's all get down  
Roll somethin', smoke somethin', let's blow this pound  
Nah, somethin' jump off, we gonna hold us down

Wow, what you so mad at now?  
Go get yourself a drink, let's all get down  
Roll somethin', smoke somethin', let's blow this pound  
Nah, somethin' jump off, we gonna hold us down

Uh, me and honey on the dance floor just flexin'  
Till the neck on my white T start stretchin'  
Liquor comin' outta our paws and we sweatin'  
But that ain't slowin' us down, we still steppin'

Her gear is strong, her hair is long, her feet is small  
And she smoke weed and all, so we gonna pop us a  
bottle  
And blow a good splif, V.I.P. is crowded but they all look  
stiff  
I'm well connected, I got wolves over there and niggaz  
that  
Act like pitbulls over here, ya I'm just doin' my 1 2 and  
shit

She's shakin' it, doin' that St. Louis shit with her back in  
it  
So I put my bones in it, the rollz go prezzy, got the pink  
stones in it  
Why you want drama with me, I ain't gonna blast you  
Before I put the money on ya head I'ma ask you nigga

Wow, what you so mad at now?  
Go get yourself a drink, let's all get down  
Roll somethin', smoke somethin', let's blow this pound  
Nah, somethin' jump off, we gonna hold us down

Wow, what you so mad at now?  
Go get yourself a drink, let's all get down  
Roll somethin', smoke somethin', let's blow this pound

Nah, somethin' jump off, we gonna hold us down

Yo yo yo, I'm everything controversial, underground  
gangsta rap  
Slash commercial ya but still all it takes is a long dutch  
For me to get your wifey up out of a warm dutch  
As far as the funeral, you got it, it's on us 'cuz niggaz  
ain't crazy

They just armed us uh, so let me get another round  
Now Hypno and Clico will sit a brother down  
Haze'll have you feelin' like you in another town  
Then it's time for the gangstas so get the rubbers now

K I two of them swirled things one more drink and ya  
boy  
Might be doin' the earl thing, ma it's me, you and  
whoever ya girl bring  
Meet me in the back, I'm outside the pearl thing, I got  
the trate pound  
Hooked on my waist when they mention my name  
Around other rappers, look in they face and say

Wow, what you so mad at now?  
Go get yourself a drink, let's all get down  
Roll somethin', smoke somethin', let's blow this pound  
Nah, somethin' jump off, we gonna hold us down

Wow, what you so mad at now?  
Go get yourself a drink, let's all get down  
Roll somethin', smoke somethin', let's blow this pound  
Nah, somethin' jump off, we gonna hold us down  
Can't knock a nigga that didn't make it, if you try

Far as me though, my spot is certified so when I hit my  
number  
I'ma hit it high and when I'm dead and gone, they  
gonna say I did it live  
'Cuz I done been too nice for way too long, they can't  
hold me back  
I'm way too strong, Double R D-Block, that's what it is  
And that's what its gonna be, we gettin' it on I just  
wanna know

What you so mad at now? Let's all get down  
Let's blow this pound, we gon' hold it down  
What you so mad at now? Let's all get down  
Let's blow this pound, we gon' hold it down
