This is my livelihood that you fuckin' with
AhhhhhH!!! This is it right here baby ha ha ha
No more hatin' in the world ha ha
You know it's gonna be what it's gonna be
Ruff Rydas

Welcome to D-Block, the city of broke down dreams
With things ain't always peachy keen as they seem
City of dope dealers, killers, pimps, pushers
Pin handlers hustlers and doped out fiends

The sun don't shine here, in this part of town
But we all got a town that's similar to this too
'Cuz every cities got a ghetto and every ghetto got a
hood
Take a good look around you 'cuz there's a D-Block
near you

Place where ain't no body that proud, it's a fuckin' black
cloud
That got people under the impression they can act wild
Workin' around though, see if you can pull a trigger on
the pound yo
Wild men is flappin' the whole town though

Lot is assumin' a niggaz salary
More lies than truth definatly more rumors than reality
Only way you beatin' a body is a technicality
Other than that catch 'em and Clinton on a gallery

The determination and dedication of disipline
Listenin' and catchin' the jewels you was missin'
And they still doin coward shit
You know the haters gonna always be heavy but the
love overpowers it

Somethin' in the air but the older they get
They kill you quicker over a girl than over a brick
We don't play with the lizards
We make phrases up and say I'm exquisite
Anytime you can pay us a visit

Welcome to D-Block, the city of broke down dreams
With things ain't always peachy keen as they seem
City of dope dealers, killers, pimps, pushers
Pin handlers hustlers and doped out fiends

The sun don't shine here, in this part of town
But we all got a town that's similar to this too
'Cuz every cities got a ghetto and every ghetto got a
hood
Take a good look around you 'cuz there's a D-Block
near you

Welcome to d block, the might mighty D-Block
A place in new york city where diddy wont even walk
It's D-Block, the part of yonkers where I wouldnt be
caught
Without two pistols on me that'll be cocked in each
pocket

D-Block dont even stop to talk, you just keep walkin'
Stick up kids every block who walks with that free
opportunity
As soon as you leave out that jewelry shop
And you wont even notice your mind will be so
preoccupied
On that new watch you just copped

You won't even see that ride pull up along side you
You'll be shot fore you even realize
You were spied over three blocks
D-Block the place where gees get knocked, locked up

Get out come home for a week and get re-knocked
You dont even see cops, hiphop police dont even stop
On D-Block, where everybody wants to be Pac
And you can get popped over the new G-Unit Reboks

Welcome to D-Block, the city of broke down dreams
With things ain't always peachy keen as they seem
City of dope dealers, killers, pimps, pushers
Pin handlers Hustlers and doped out fiends

The sun don't shine here, in this part of town
But we all got a town that's similar to this too
'Cuz every cities got a ghetto and every ghetto got a
hood
Take a good look around you 'cuz there's a D-Block
near you

If you bust and your gun got nigga niggaz on the run
And you rep where you from nigga you D-Block

And you try to come home and your pockets is light as
a cup
They don't give a fuck, you D-Block

Aiyo bang bang nigga, let's get it on
Homies been a monster, but it's worst now that my son
been born
And every nigga where I be, I put in work for free
It's D-Block mothafucka, here grab this P

Welcome to D-Block, a place where 'lil niggaz is killaz
And the mother's raisin a son that turns into Gorillaz
And the hallways is pissy as hell, all we do is get bigger
More ignorant, you send us to jail

My niggaz shoot anything that'll move
Sell drugs, from the rise to the sun to the fall of the
moon
I'd die the way I stand with my man if I can when the
shells come
This is d block ya'll welcome

Welcome to D-Block, the city of broke down dreams
With things ain't always peachy keen as they seem
City of dope dealers, killers, pimps, pushers
Pin handlers hustlers and doped out fiends

The sun don't shine here, in this part of town
But we all got a town that's similar to this too
'Cuz every cities got a ghetto and every ghetto got a
hood
Take a good look around you 'cuz there's a D-Block
