It's a quarter to three another late night
Wanna take it to far and touch the daylight
Never heard of too much
See you just can't get enough
Take a bite of the apple
You know it tastes good
Come inside it's alright,
I think that you should

Hips circling round and round
Take it down to the floor

Oh, Keep it underground tonight
Going to make you pop make you feel alright
You know it's going to taste so nice
Misbahaving down in the basement
Misbahaving in the basement

Get in close to the fire
You wanna get burned
We can risk it together and make the heads turn
They could cover my eyes and tie my hands up against
the wall
Forget about reputation and leave it at the door
Getting ready to see what you were good for
Take it over the edge and back until you can't take no
more

Keep it underground tonight
Going to make you pop make you feel alright
You know it's going to taste so nice
Misbahaving down in the basement
Misbahaving in the basement

My body your body so naughty naughty
You got I got it
You want it so touch it
My body your body so naughty naughty
You got I got it
You want it so touch it

One, two, three, four

What you here for?

Keep it underground tonight
Going to make you pop make you feel alright
You know it's going to taste so nice
Misbaving down in the basement
Misbaving in the basement
