Uhhhhh...

Hey, I think

You've got the best of me

Trying to find out what is left of me

While I am sleeping in the stranger's arms

Oh god,

I used to be so good at this

Don't know how I've lost control of this

Now I am just another fallen star,

Yeah, you like a rush straight to the head

Oh, I, I'm alive but I feel dead

Don't speak, don't turn around,

Don't think

Don't need you back,

Razorman, you cut right through me

Don't speak, don't turn around,

Don't think

Don't need you back

Razorman, you cut right through me

Damn, I'm wasting every chance I get

I am on overload, I can't reset

I cut so deep looking for truth

Oh god, I don't deserve to be with you

Counting sheep and loosing self-esteem

I won't cry,

Not in front of you

You know,

You're the weight upon my chest

I'm tired but I can't rest

Don't speak, don't turn around,

Don't think

Don't need you back,

Razorman, you cut right through me

Don't speak, don't turn around,

Don't think

Don't need you there

Razorman, you cut right through me

I spent Saturday night in Bosnia
I was looking for myself
In every cold and dark lonely street
And all I found was new ways to humiliate myself
And in another way
Not think and not speak

Don't speak, don't turn around,
Don't think
Don't need you back,
Razorman, you cut right through me
You cut through me
You cut through me
Razorman

Don't speak, don't turn around,
Don't think
Don't need you back,
Razorman, you cut right through me

Don't speak, don't turn around,
Don't think
Don't need you back,
Razorman, you cut right through me

Ohhhh
Razorman, you cut right through me
