More things to buy more clothes to wear
The perfect job the perfect wife
A new color for the hair
Take a look around the way we're livin'
It's no secret we think that just a little more
Just a little bit further then we're there
but time asks no questions it moves on in spite of me
it's not about my style of life my own prosperity
it's time we open up our eyes to find
there's so much more
and all I'm asking is what you're living
for today
he say the hurts saw the pain and knew our needs
cured the sick healed the lame and made the
blind man see
a life laid down the perfect gift for you and me
loves greatest sacrifice a picture of how
it ought to be , how it ought to be
but time asks no questions it moves on in spite of me
it's not about my style of life my own prosperity
it's time we open up our eyes to find
there's so much more
and all I'm asking is what you're living
for today ,(oh today)
so take a look around go find a brother and help him
stand
take the risk to love another with an outstretched hand
'cause time asks no questions it moves on in
spite of me
it's not about my style of life my own prosperity
it's time we open up our eyes to find
there's so much more
so much more,
and all I'm asking is what you're living
for
and all I'm asking is what you're living
for
and all I'm asking is what you're living
for, today
what you're living for, what you're
living for
