Chorus

When I wake up in the morning
All I want to feel is your love
All I think is about you baby
And how I feel your love
It only took that one time
Now you're the only thing on my mind
Baby girl all I wanna do is feel your love

I can't stop thinking about you girl
From the first time that I saw you
I never felt this way inside
Yeah I'm not feeling right
It's like you put some kind of spell on me
And I don't know what to do
Cause everywhere I look, all I see is a silhouette of you
See cause I was used to running around
Every night going out
Finding a new girl to go to
But that was until you
Came into my life
Made me change my mind
On what to do
And all the ways I'm used to

Chorus

When I wake up in the morning
All I want to feel is your love
All I think is about you baby
And how I feel your love
It only took that one time
Now you're the only thing on my mind
Baby girl all I wanna do is feel your love

Yeah, I know I'm losing time
Shorty's no ordinary girl
Baby girl I gotta play this right
She's got me lose my mind
Tryna figure out how to find
What's her name, what she wear, where she from?
Am I asking too much or not enough?

So let me know this feeling's true,
Cause I all I wanna do
Is get a little closer to you
Baby if you only knew
Just let me know what I gotta do
So how's it feel to know that I
Can't get you off my mind
Constantly day and night I think of you
I'm caught up on you, that part's true

Chorus

When I wake up in the morning
All I want to feel is your love
All I think is about you baby
And how I feel your love
It only took that one time
Now you're the only thing on my mind
Baby girl all I wanna do is feel your love

Just want to feel your love (and I, and I)
All I want is to feel your touch (because, because)
Just knowing you ain't enough, (girl I, girl I)
Baby girl all I need is your love
Just want to feel your love (and I, and I)
All I want is to feel your touch (because, because)
Just knowing you ain't enough, (girl I, girl I)
Baby girl all I need is your love

Chorus

When I wake up in the morning
All I want to feel is your love
All I think is about you baby
And how I feel your love
It only took that one time
Now you're the only thing on my mind
Baby girl all I wanna do is feel your love
