It was the garden of edan

The beginning of time

Adam said to eve

Little girl I wanna make you mine

Eve said now wait a minute

Big boy

Not so fast

I wanna think this over

I want a love that's gonna last

Then eve said to adam

Catch me if you can

It's been the same old story

Ever since the world began

Honey I'll give you anything

In this great big world

She said forget those rotten apples

I'll take some diamonds and some pearls

He said honey I don't quite know

Exactly what you mean

She said ever since she could remember

She's had this pretty dream

Then eve said to adam
Catch me if you can
It's been the same old story
Ever since the world began
He said I got a hungry feelin
And my blood is runnin' hot
I don't know what it is I want
I just know its something you got
Eve said come here little boy
Come and sit beside my fire
Wrap yourself around my finger
And I'll cook your desire
Eve said look here adam honey
I got a reputation to protect
If you want my love and kisses
It's gonna take a little respect
Adam fell down on his knees
And he looked up in the sky
He said I think I get the picture lord
There's more to all this than meets the eye
Then eve said to adam
Catch me if you can
It's been the same old story
Ever since the world began
