NYC Song

(John Cafferty 1989)

I say, hey little girl take me by the hand  
Walk me down this boardwalk one last time again  
We see those pretty pier lights, hear those carnival  
sounds  
We stop right at the top tonight, the ferris wheel goes  
around  
You say that I've been restless, you don't understand  
Tomorrow I'll be leavin' on that morning train  
Could leave this candy apple town behind  
To get out while I still can  
Goin' to New York city, with this guitar in my hand  
Wishin on these stars too long, been playin in these  
bars too long  
Holed up in your arms too long, the prisoner of my  
heart too long  
Go to New York city, to find out where I stand  
And I'll be walking down broadway, with this guitar in  
my hand  
I sing for these tourists, but I dream life on the water  
The dream make it's broken, this life's gets harder and  
harder  
Could leave this candy apple town behind  
To get out while I still can  
Go to New York city, with this guitar in my hand  
Wishin on these stars too long, been playin in these  
bars too long  
Holed up in your arms too long, the prisoner of my  
heart too long  
Go to New York city, to find out where I stand  
And I'll be walking down broadway, with this guitar in  
my hand
