(Verse 1)

She so cool call her summer breeze  
Shots tease me limb gun varies  
Stoner girl never done it

She don't weigh that many pounds  
But she blow a tone of weed  
She's the type of girl that I need  
She watch the game with me no matter what the  
season be  
NFL , MLB , NBA  
Even in the jail , she down every day  
She like different things but it's ok  
She like Maroon 5, she like Coldplay  
But still she like to listen to the Old J's  
Most deaf child live in the OA  
She don't watch movies like quarantines  
They put on step brothers or high tub time machines  
When she was in school I wanted her with my letterman  
Check it with my name engraved , baby represent

(Hook)

Baby girl, welcome to my world  
Don't you worry about a thing  
And live by old days  
But it's just me and you  
It's just me and you  
So do what you do  
'Cause it's just me and you  
Do your thing babe

(Verse 2)

She so nice she don't need a tan  
Golden girl like dark gray and blanch  
Nice walk with a better stance  
God damn you can see it through her sweat pants  
Where the D's what that girl poison, DVD  
Crazy, sexy, cool call her TOC  
She sound so cute saying pass that  
And she ain't afraid of the gas mask  
Tryin to pass a cig and she won't accept it

Ye that's my little stoner red  
Always been a hundred never been a fake hoe  
Not a snicker head but she got them jays dough  
Bad bitch in her pair 23  
And she works 'em like the letter in them double C's  
I might just pull up on a show with her  
Back stage might burn down the old with her

(Hook)  
Baby girl, welcome to my world  
Don't you worry about a thing  
And live by old days  
But it's just me and you  
It's just me and you  
So do what you do  
'Cause it's just me and you  
Do your thing babe
